MID MARKET CBD

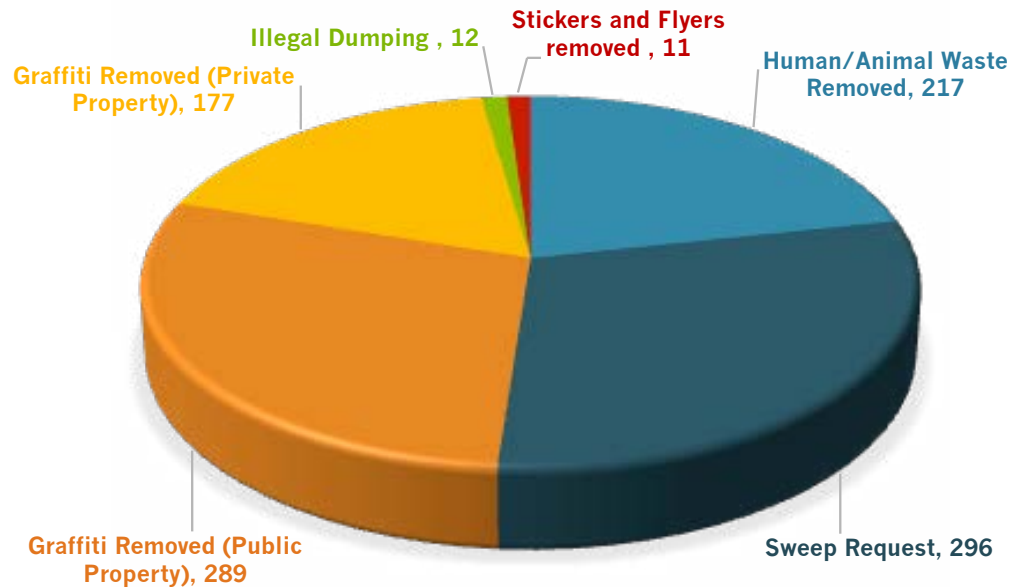

OPERATIONS REPORT | JUNE 2020

The City's shelter-in-place ordinance (influenced by [CDC guidelines](#), not to move tent encampments) allowed tents to remain on District sidewalks.

MMCBD was only able to clean around encampments (when possible and safe to do so) and to help the city track tent counts and locations.

MMCBD also distributed the following to impacted property owners.

NOTICE TO MID MARKET CBD DISTRICT PROPERTY OWNERS REGARDING ENCAMPMENTS

During the City's COVID-19 shelter-in-place ordinance, the Mid Market Community Benefit District (MMCBD) continues to monitor and address conditions on our District's sidewalks within our purview. This includes daily documentation and reporting of encampment issues near your property.

Due to COVID-19 shelter-in-place ordinances the City is implementing encampment protocols per [CDC guidelines](#) through the Healthy Streets Operations Center (HSOC) or 311.

MMCBD's dedicated and hard-working team continues to provide sidewalk clean and safe services when and where it is possible and safe to do so. Regular and on-call pressure washing continues, as does graffiti abatement, vandalism repair and Ambassador services. Please continue to contact our Dispatch office as often as is necessary for service during our current hours of operation below. **If a task must be addressed by a City agency, we will make that request and follow up to ensure it is completed.*
